Abstract

Praise be to God, who praised himself for his previous knowledge in eternity, that creatures, no matter how perfect, fell short of his praise, and that God extended them from the age of what He wanted and prayed, and peace be upon the envoy. You are as you praised yourself, so God said praising himself praise be to God, Lord of the worlds, describing himself to us to adhere to the wing of hope, the Most Merciful, the Merciful. And discord to become worthy of slavery with you, we worship, and you seek help and indicated us to seek the right path by saying to us, guide us, warn us, and warn us of following the Sunnahs of those who are angry and the pitfalls of the lost, by following an approach and mediation that is not excessive or inattentive with those bestowed upon them by the prophets, the righteous, the martyrs, the righteous, and the good of those companions.

And since the Qur'an was revealed to our master Muhammad, he began to build a discreet creed a brick by brick in the soul until it took root and rooted in its authenticity until it seemed visible its fixed origin and its branches in the sky paid off every time with the permission of its Lord, he advised the nation and performed the message and reached the trust and left us on the white argument, at night Like its day, it will not be distracted from it except the deadly prayers of my Lord and peace be upon him and on those who have sought his Sunnah and walked on his guidance until the Day of Judgment and he has revealed that the Messenger of God that one of the true pillars of belief is to believe in God and his angels and his books and his messengers and the last day and the destiny is its good and evil, so faith in the messengers is an axis and a strong pillar It is based on the Islamic doctrine from the ground up and stabbing the apostles, a total and detailed negation of the faith.

The prophetic hadiths repeated with the descent of Isa bin Maryam at the end of time and that it will be preceded by a king for the Jews claiming to himself that he is the expected Messiah and that he is the Lord of the worlds and God forbid, for it was true of the Messenger of God (ﷺ) that he said: (God Almighty did not send a prophet except the Antichrist warned And I am the last of the prophets, and you are the last of the nations, and it is inevitably outside of you), and in a narration: (There was no sedition and not until the Hour is greater than the temptation of the Antichrist) (), then the Antichrist is the root of temptation and all the temptations that are related to the seed of Adam Linked to hidden strings driven by the Antichrist according to the inclinations and psychological whims, where his nets are placed on the straight path, to

practice the culture of blocking the path of God according to the standard of suspicions and desires, and it is the most dangerous criterion faced by the individual when the suspicion of lust is related and only the mercy of God, and the Messenger of God's warning. It was not limited to one hadith only, but we indicated his walking, ugliness, and roughness, and what was written on his forehead, the severity of his strife, the length of his height, and the devotion of his demons, his speed, and his ass. We also learned how to survive and get rid of his temptation, and taught us how to seek refuge. He has his affliction every day five times and once every week so that the Muslim is ready in front of this malicious enemy who is overlooked by them in order to implement his goals, so the generation of the Companions (may God be pleased with them) arose and prepared with a weapon of doctrine, such as the compact building that tightens each other even if the Antichrist appears. In their time, and we mean by it the recent appearance of the boys threw stones at it as well as the antichrist. The Messenger of God affirmed that the antichrist appears only in lightness of religion, a measure of knowledge, the loss of trust, and the preachers left mentioning it on the pulpits. And robbing the thieves on its bowl is well aware that the Antichrist has its time and near its time, and that is only for leaving the nation for three qualities, as these characteristics were the inviolable secret that separates truth and falsehood, and these characteristics are:

1. Avoiding God's law, leaving His command, and committing sins.
2. Leaving them to enjoin good and forbid evil.
3. Leave the introduction of the reasons, whether from the practical, economic and security aspects, and this has a great role in the decline of the nation towards the abyss.
