Novel character in AL-Hathalyeen Divan

The thesis consist of a preface and three chapters preface set the concept of noval character as well as describing the main features of Hatheel poetry . The first chapter is study (noval character types) that is sub-divided in to two parts, the first part deals with types of novel character regarding the main , margin ,symbolic , thing and animal characters .The second part deals with the dimensions of noval character regarding external , intellectual , psychological and social dimensions .

The second chapter studies(narration and rhythm of noval character) in two parts , the first deals with (narration of noval character) regarding its types (objective , individual narration) its levels and structures (consecutive, interrigated , parallel and circular one) and its vision (rare, contributive , and external vision). The second part deals with the (rhythm of noval character) regarding (the rhythm of the character in event , place , time and time-place rhythm)

Third chapter deals with the study of (description and conversation of noval character) in two parts . The first deals with the (description of noval character) regarding (classification , expressive , simple, compound , objective, subjective , and spreading description) The second part deals with (the dialogue of narrative character)

Regarding (abstract, compound , retro , predictive , direct and indirect speech, reality symbolization and imagination symbolization dialogue)

The thesis was depended on an analytical study of narrative character in AL-Hathlyeen poetry regarding types , kinds narration , rhythm. Description and conversation to achieve comprehensive vision in its reveal.
